CSA Agreement: Community Supported Agriculture (CSA) is a partnership of mutual commitment between a community of supporters (CSA Members) and a farm, which creates a direct link between the production and consumption of food. By purchasing a share of the season's harvest, a CSA Member makes a commitment to cover a farm's yearly operating budget and support the farm throughout the season and thus assumes the costs, risks, and bounty of growing food. In return, the farm provides, to the best of its ability, a healthy supply of fresh produce throughout the growing season. CSA membership creates a responsible relationship between people and the food they eat, the land on which it is grown, and those who grow it. Joining Eco-Gardens Beyond Organic Exclusive Membership CSA also gives a CSA Member the right to purchase items offered by Eco-Gardens Farm. Unclaimed shares will be forfeited.
